French Stations On TV Network

The French-language television network will take part in the CBC's July 1 opening of the world's longest TV network.

The CBC French network produces more hours of programs and covers a larger area than any other French television system. Its Montreal studios rank third in the world—after New York and Hollywood—in live TV production.

The French network output, coupled with that of the English TV network, gives the CBC total production greater than that of any other television system — yet the CBC's total budget is less than one-fifth that of either of the two major U.S. networks.

The French TV network consists of two CBC stations—one at Montreal and one at Ottawa—and six private stations. The latter are at Quebec City, Sherbrooke, Jonquiere, Three Rivers, Rimouski and Rouyn.

Stations at Timmins, Sudbury, North Bay, Winnipeg and Prince Albert also carry some filmed French network programs on a regular basis.

More than three-quarters of the French network schedule is devoted to Canadian programs. CBFT-Montreal, for example, provides an average of 140 telecasts a week, of which 110 are live Canadian programs and 30 are on film.

CBFT shows a weekly average of 66 hours of programming. Live programs account for 48 hours of the total.

The private stations carry about 38 hours of the CBC French-language originations — some 55 per cent of their local schedules.

Attend Courses

W. J. Chester, secretary-treasurer of the Lac la Biche School Division, attended the Annual Short Course in School Administration held at the Banff School of Fine Arts, June 11-14.

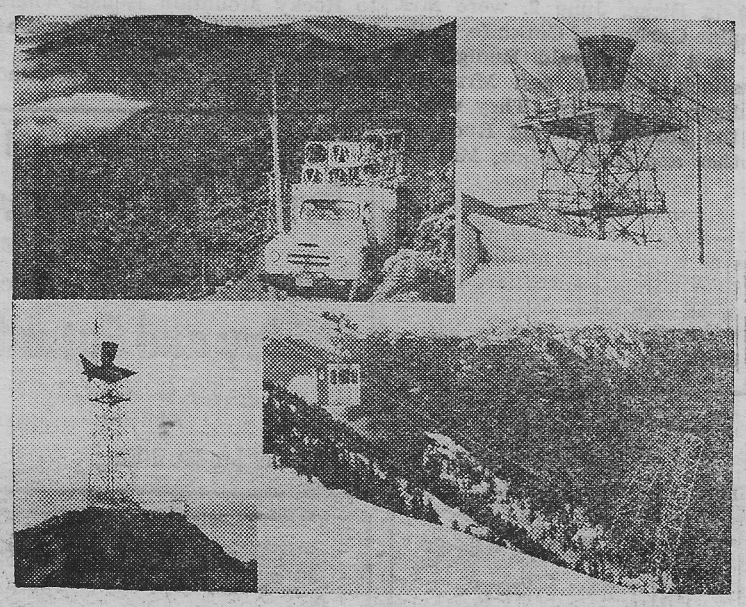
The secretary-treasurer of the town of Lac la Biche returned on Thursday from attending a short course on municipal administration, held at the Banff School of Fine Arts. Mr. Creighton reported that the course was well attended by delegates from all parts of the province, and much interest was shown in the various discussions and lectures.

Fire Chief E. G. Dobson attended a fire college and conference at the Calgary Fire Department Drill School, June 11-13. Demonstrations of the most up-to-date equipment and methods, as well as lectures by well qualified leaders in this field were crowded into each day's program which started at 8:45 and closed at 5:30. The chief considered the conference well worth the time spent.

Transferred To Hanna

Miss Emeline Pruden, who for the past three years has been employed by the Department of Municipal Affairs and the Department of Agriculture as stenographer, has been transferred to the office of the Department of Municipal Affairs at Hanna.

Miss Pruden, who left June 17 to take up her new duties, has been active in the Sunday School and choir of the United Church. Her many friends join in wishing her success and happiness in her new position.



TO BUILD mountain-top relay stations for the Trans-Canada Telephone System's microwave network to the west coast, roads had to be cut through mountains, even above cloud level (upper left). At Hedley, B.C., a mountain top was blasted away to form a site (lower left). So high are many of the sites that buildings are often buried in snow (upper right). Access roads couldn't be built at two sites—and aerial tramways were constructed. The Dog Mountain tramway (lower right) is one of the biggest in the world—more than two miles, with a lift of 4,400 feet. The microwave goes into full operation July 1 for television and phone system relays.

NEW DA FOR LAC LA BICHE

Stan Powers, former assistant district agriculturist at St. Paul, has taken up his duties here as district agriculturist. The family will remain in St. Paul until housing accommodation can be procured here.

The district has been without a district agriculturist since last fall when Sid Lore, who had been here for some four years, moved to Edmonton.

Escape Drowning When Boat Capsizes

KIKINO — Gilbert Ladouceur and Marshall Tremblay had a narrow escape from drowning when their canoe overturned in Lone Pine Lake.

Clinging to the overturned craft the men shouted for help. Their cries were heard by the Cardinal family, who live a half-mile from the lake. Donald, 17, went to their aid in a boat large enough for only one passenger. He returned to shore with Mr. Ladouceur in the boat and Mr. Tremblay clinging to the side.

Except for chill and exhaustion the men suffered no ill-effects.

Lac la Biche

N. W. Patterson recently sold his home to Jimmie Lloyd, who will take possession shortly. The Pattersons, who have disposed of their dry goods store, will leave for an extended holiday in Ontario at the end of June.

Recent guests at the home of Mr. and Mrs. Fred Harmon were Mrs. Harmon's parents, Mr. and Mrs. T. Buchanan, of Bowden.

Mr. and Mrs. E. J. Woynarowich left June 12 for Lethbridge to attend the wedding of Mr. Waynarowich's cousin, June 14. Later they will visit relatives in Calgary and spend a day or two in Banff and Jasper, on the homeward journey. Mrs. Ray, Sr., is caring for the children in their absence.

Art Morin, accompanied by his brother, Albert of Eedmonton, left the end of the week for Montreal and other eastern points. He will visit his sister whom he has not seen for 34 years.

Mr. and Mrs. E. Dobson left on Sunday for Regina, where they will attend a family reunion and silver wedding anniversary of Mrs. Dobson's sister.

JAC Concert Rated Success

PLAMONDON—A concert, sponsored by the young Catholic organization (JAC), and attended by a capacity crowd was the closing feature of Community Pride Week campaign.

Though mostly in lighter vein, the program offered food for thought since its theme centered on an acute life problem, "Living According To Our Means."

Master of ceremonies was Paul Piquette.

The program opened with a song "Santa Lucia" by Dolores St. Jean, followed by "Ave Maria" and "Tammy" by Mrs. Szalie, "Mon Meilleur Ami" by Charles Gaudet and Urbin Gauthier, "En P'tit Buggy" by Urbin Gauthier and Mrs. Charles Gaudet.

Taking part in a panel discussion, "Money—useful or not useful" were Paul Piquette, Andre Piquette, Miss Alvine Plamondon and Miss Cecile Gervais, who explained the origin and meaning of money, its uses and the deplorable ways in which individuals or nations spend it.

This was followed by a humorous conference entitled "Managing a Household" given by Doris Gauthier and Emily Dube.

The treat of the evening, "Les yeus plus grande que la panse," a one-act comedy, featured a cast of Charles Gaudet, Romeo Piquette, Johnny Menard, Mrs. Urban Gauthier, Miss Dolores St. Jean, directed by Miss Cecile Gervais.

Attend Convention

Prosper Limoge of Plamondon was chosen delegate from the Lac la Biche branch of the Canadian Legion to represent them at the recent Canadian Legion Dominion Convention in Edmonton.

Mr. Limoge, who was accompanied by Mrs. Limoge, reports an interesting convention and a well-planned program.

Town Council Approves $2,000 For Private Garage, Mink Shed

LAC LA BICHE — Town council met last Tuesday evening with all councillors and Mayor Steve Hamar present. In the absence of the secretary-treasurer, assistant secretary, Mrs. M. Creighton was in attendance.

Building permits for a private garage and a mink shed were approved, each estimated to cost $1,000.00.

Two tenders for the supply of gravel for street repairs were examined and the public works committee were asker to look into the quality of the gravel to be used in each case and report their findings at the next meeting of council.

Considerable discussion took place concerning some of the improvements to be made at the Memorial Hall, particularly to the kitchen. Authorization was given for the necessary cupboards and table for the kitchen. Certain painting was also authorized.

A representative for the Lions Club was present to suggest that steps be taken to prosecute those found guilty of discarding glass and other refuse on the beaches and in the lake. It was suggested that warning signs be placed in appropriate places, and garbage cans be provided at convenient locations. The town constable was asked to supervise placing of suitable signs.

A letter was read from the local branch of the Canadian Legion asking that consideration be given to the erection of a mast at the town hall, from which a flag could be flown on appropriate occasions. The secretary was instructed to order a mast.

A motion was passed instructing the secretary to write the Alberta Wheat Pool, welcoming them to the town, and offering the co-operation of the town in assisting the company to establish a grain elevator here.

A ratepayer was present to complain of a dangerous situation at a certain intersection in the town. Council instructed the constable to get in touch with the highway traffic inspector and review all street signs in the town.

The meeting adjourned after midnight.

Tragedy Averted When Boats Collide

LAC LA BICHE — What could have ended in tragedy, happily only resulted in a frightful scare for three occupants of a motor boat, Tuesday night, when they collided with a fishing boat on Lac la Biche. Considerable damage was done to the fishing boat and some damage to the propeller of the powerful motor boat. Operators should realize the danger of coming too close to other craft.

"Unless more caution is practised, laws will have to be enforced governing traffic on water as well as on the land."

Keep Beaches Clean

LAC LA BICHE—Parents are being urged to warn their children not to break bottles or scatter other refuse on the beaches and in the water. Several have reported finding many broken bottles and once the jagged remains of a wine jug in the bathing area of the lake. All are asked to co-operate to keep the beaches clean and safe for the enjoyment of others.

Frost Affects Grain, Plants

The town and district did not escape the killing frost on Monday night, June 9. Records at the local weather office showed a reading of 29.7 at 4:15 a.m., June 10. June 11, at the same hour, recorded 36.7. Gardeners are lamenting the loss of tomato plants, beans, corn, etc. The wheat and coarse grains in many districts were frozen. Some report the new growth on spruce and other trees that was frozen. Lilacs, which had bloomed in such profusion did not escape.

Many gardeners are replanting beans and corn and by Wednesday surplus stocks were exhausted and merchants rushed seed in from other points to meet the demand.

Rain is sorely needed in this area to help the pastures and grain that had survived the hardest frost on record for this late in the season.

Lac la Biche Mission

Miss Fernande Fortier, daughter of Mr. and Mrs. A. Fortier, was guest of honor at a shower, June 12, arranged by Mrs. Lawrence Anderson of Lac la Biche.

Henri Beaudoin was a recent guest of his sister, Mrs. J. T. Tardif, and his brother, Alfred.

Paul Cloutier has obtained a situation at G. Bekerlo's mink ranch.

George Clouthier has finished spring work on the farm and will be employed by Mr. Shelton of Lac la Biche for the summer.

Mrs. J. L. Tardif, accompanied by her son, Emile, made a trip to Edmonton.

Edmonton visitors to the district were Mr. and Mrs. Lee, Mr. and Mrs. Mercier, Mr. and Mrs. Alex Belcourt and son John, and A. Hayward.

The danger in ignorance is that so many people have it without the least suspecting it.

AURORA THEATRE

Lac la Biche **Alberta**

PRESENTS

Fri. & Sat., June 20 & 21—

"SABU AND THE MAGIC RING"

Adventure in Technicolor

Grain Elevator Meeting Topic

BOYLE — G. L. Harrold, chairman of the directors of the Wheat Pool, G. K. Creig, divisional superintendent; Lloyd Hamilton, travelling superintendent and John S. Lund, Pool delegate of Boyle, met the Board of Trade in Lac la Biche last week to discuss the feasibility of building a grain elevator at that point. Some interesting farm statistics were brought out by the Lac la Biche Board of Trade and were seriously considered by by the Pool executive.

Grassland

Outside work on the new curling rink, situated south of the Community Hall, is practically finished.

Grassland ball team won the first victory of the season in a game with Plamondon at Plamondon picnic recently.

Bird Construction Company has been clearing up the grounds surrounding the new school.

Peter Kritze has returned from a visit to his sons at Vancouver and Victoria. Owing to a misunderstanding, Mr. Kritze was erroneously reported missing by an Edmonton radio station.

Mr. and Mrs. Walter Ilnicki and Mr. and Mrs. William Davidiuk are spending a short holiday at Banff.

Francis Garnier lost his rod and reel while trying to land what he believes to have been a 30-pound jack fish on Island lake.

Gourin

Charlie Rudman has returned home from the Royal Alexandra Hospital in Edmonton. Maurice Boulanger has also returned home from hospital.

Paul Gervais has returned from Yellowknife where he was empioyed and is staying at the home of his brother-in-law, Emile Ulliac.

Daniel Ulliac was winner of the car robe, and Paul Gervais of the bedspread, raffled at the Plamondon picnic.

John Garner has moved into his new home.

George Bourassa is preparing to move his farm-house closer to the highway.

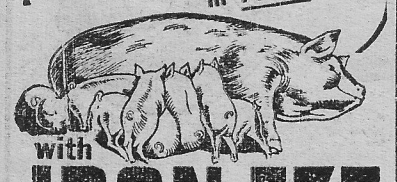
Prevent ANAEMIA & Nutritional SCOURS in YOUNG PIGS



with

IRON-EZE

Save your young pigs. Give them IRON-EZE, new liquid iron and Vitamin concentrate. It prevents and treats early nutritional deficiencies that cause Anaemia and Enteritis. IRON-EZE supplies vital iron in a quickly absorbed, non-irritant, non-toxic form. One dose provides a young pig's weekly requirements of Vitamin B1, Riboflavin, Niacin, Pyridoxine and Pantothenic Acid.

New easy to administer "squeeze-it" plastic sprayer bottle makes treatment simple and easy.

Plamondon Mercantile

PLAMONDON Alberta

Plamondon

Mrs. R. E. Piquette has resigned the position as municipal district nurse, and Miss Janzan arrived last week to take over the municipal district nursing duties here for the summer.

Mrs. R. E. Piquette and family made a trip to Edmonton, due to the serious illness of Mrs. Piquette's father, Mr. Thomas Standing, a former resident of Plamondon. Miss Lucille Tremblay accompanied the Piquettes back to Plamondon and spent several days in the district.

Mrs. Bert Plamondon spent a couple of weeks at Waterways visiting her son-in-law and daughter, Mr. and Mrs. Andri Gaudet.

Urbin Plamondon recently returned from California after spending several months working there in the bee industry.

Mr. and Mrs. Louis Bourassa of Beverly visited here recently.

Miss Alvina Dube spent the weekend with her parents here.

Mr. and Mrs. Berube and family of Beaumont visited at the home of Mr. and Mrs. Eugent Plamondon.

Mr. and Mrs. Urbin Plamondon and family of Jasper Place were recent visitors.

Wandering River

Mr. and Mrs. Walter Mitchell and Mr. and Mrs. Fred Oshanyk visited friends and relatives at Vilna.

Mr. and Mrs. Nick Strayski, Victor, Frank Roskewich and Russell all attended the Air Force Day at Cold Lake, June 14.

Mr. and Mrs. Mike Karpetz and family visited relatives at Grande Prairie.

Irene Hrykewich, employed at Redwater for the past year, is now home.

A large crowd attended the Farmers' Day Picnic on the Wandering River picnic grounds. The dance following was also well-attended.

As grain crops were ruined by the recent frosts some farmers have begun to summerfallow their fields.

FENCE POSTS

last 3 to 5 times longer with "OSMOSE SPECIAL FENCE POST MIXTURE"

You can make your fence posts —in fact, any wood in contact with the ground or water, last 3 to 5 times longer by using "Osmose Special Fence Post Mixture". Simply applied like paint to the groundline of the post, "Osmose" preserves any kind of wood, dry or green, costs only 5¢ per post and makes them last 3 to 5 times longer.

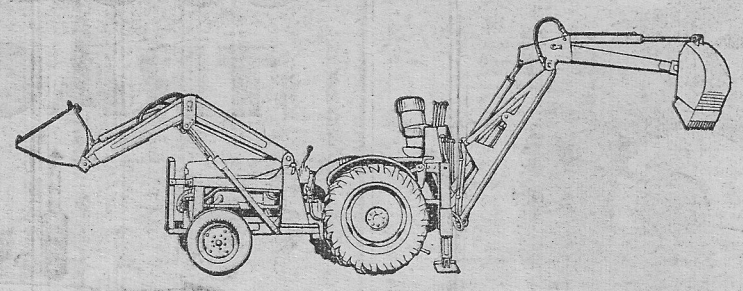
Powerful and Poised . . . Ready for Action at Any Angle . . . The

Davis Model 185 Back-Hoe

with the DAVIS LOADER



Sold in combination with the Davis Loader . . . or with Sub-Frame and independent Hydraulic System

The Davis Back-Hoe is designed to work with the Davis Loader, and can be mounted on the rugged loader frame. This allows the use of a common pump and reservoir. It can also be furnished with a sub-frame and independent hydraulic system. With either the Davis Loader or the independent hookup the frame actually forms a cradle around the tractor for extra protection against stress and wear, and it gives extra rigidity when the back-hoe is in operation or transport. This hookup also permits the back-hoe to be removed in less than five minutes, releasing the tractor for other use.

LAC LA BICHE Alberta

Dorishes Report On European Trip

LAC LA BICHE — Mr. and Mrs. William Dorish and little daughter, Bonnie, who are currently touring Germany and other European countries in a Volkswagen bus, wrote recently from Hamburg, Germany: "We are fine and enjoying ourselves. We have been away from home for almost two months and it seems like just a week or so. We have so much we would like to cover, but our time is limited so we must start to cram. We have visited France, Belgium, Holland, Denmark, Sweden, Norway and Northern Germany, as well as Canada, east of Lac la Biche. While in Canada we visited stately Ottawa with its beautiful tulips and Montreal with its gay lights and high life.

"Then came the boat ride, which was a holiday in itself. The waters were calm all the way through our trip and very few people were sick. The meals were delicious and a person could have whatever he chose, if it was available. For entertainment, there was dancing and sing-songs every evening, indoor and outdoor games, a library, listening music, nurse and nursery for the children. In a way everyone regretted the end of our pleasant boat journey which lasted seven days, nevertheless, it was a beautiful sight to see the land so green and bursting with life.

"After we disembarked at L'Havre our bus attracted the eyes of a passerby, who stopped us and told us that years ago he visited Lac la Biche and had met Father McGrane there — so the world is small after all.

"We spent a week at the World Exposition at Brussels, where we saw many interesting things. Fifty-one countries took part, so to cover every building thoroughly, it would have taken a month. However, the Canadian Pavilion was the only place one could find a water fountain or a children's playground Everything in eats at the fair was very expensive: 36c for a glass of tomato juice, $8.00 for an ordinary meal.

"European people have gone "all out" to accept Canadians here as tourists. This morning, in Hamburg, we found a beautiful corsage of flowers pinned to our bus. In Denmark, we stopped for gasoline and the garageman too brought me a bouquet of sweetpeas.

"In Belgium, we parked on a street in front of a house and the lady came out and asked us in for a cup of coffee, etc. It has been this way in most places we visited. The Dutch were extremely friendly and many we spoke to, told us that we 'Canadians' were their liberators and whatever they did could not repay us. Our trip has been a very pelasant one. We had some language difficulties but this has not been too much of a drawback because our bus was equipped with a bed. Bill is very pleased with it because it makes about 35 miles to the gallon (in France, gas was $1.20 a gallon) and so is very economical. So far we have found our dollar still goes farthest in Canada."

The Dorishes, who operate a mink ranch just out of town, plan to tour Switzerland and Italy before returning to Lac la Biche later in the summer.

Spruce Valley

Congratulations are being extended to Mr. and Mrs. Pete Shmyrko on the birth of a son. They are former residents of the district and are now residing on a farm near Boyle.

John Broton was a recent visitor in Edmonton.

Visitors in the district were Bill Duban of Lac la Biche and Mike Chomiak of Edmonton at their respective farms.

Bill Mahaden and son, Russel, both employed in Edmonton, were recent visitors at their home here.

Anton Luchka has started the construction of a new house.

Mr. and Mrs. Tony Zachkewich, Bonnie and Orest and Mr. and Mrs. Peter Homeniuk, Connie and Edith spent June 8 boating and fishing on Baptiste Lake.

Mr. and Mrs. Steve Struzynski held a successful auction sale of machinery and household furnishings.

Pete Budz has returned after a visit with his wife, a surgery patient in an Edmonton hospital.

HIGHWAY 46 MINOR LEAGUE

Lac la Biche Wildcats Continue Unbeaten Streak

By Y. E. KABAYAMA

Orville Franchuk's superb relief pitching kept Lac la Biche Wildcat's unbeaten record intact in the first game of the twin bill between Lac la Biche and Boyle at Boyle on June 5.

When Thom and Stubberfield could not hold the teams 7-1 lead when Boyle Comets threatened in the third inning, Franchuk relieved and went the rest of the game, striking out nine batters, allowing only one hit and one run to give Lac la Biche Wildcats a 9-5 victory in the Pony game.

In the Pony Grad game, from the start it was anyone's game until the very last out in the seventh inning as the Boyle Rockets eeked out a 7-5 victory.

Le Roy Mellot started out for the Boyle Comets but the injury which he incurred the past week still hindered his effectiveness on the mound and he was replaced by Bill Logazer in the second inning. Bill Logazer took the loss as he allowed seven big runs in the two innings he toiled.

He was relieved by Emile Duplessis who went the rest of the route, throwing a one-hitter and giving up two runs and striking out seven batters.

Lac la Biche Wildcats played heads-up ball as they committed only three miscues to Boyle Comets even dozen. Boyle Comets made eight of their errors in the second and the third inning when the Wildcats scored seven runs.

From the spectators' point of view, this was a very exciting game as Boyle Comets time and time again threatened to overcome the Wildcats' lead and in the seventh inning with two on, Victor struck out to end the game.

The second game was marred by errors on both sides and so there wasn't much to cheer about. The Boyle Rockets edged the much-improved Lac la Biche Dodgers 7-5. Dave Lozinski went the route for the Dodgers allowing only four hits, but miscues by his teammates at crucial moments, gave the Rockets the victory.

The Rockets behind Gary Derouseau's one-hitter in the first encounter between the two teams, was a different team in this evening's game. Bencharsky relieved Gary in the third inning. Rockets committed five of their 12 miscues in the fifth inning although David gave up no hits which netted for the Dodgers four runs.

Box Score:

Boyle Comets	1 0 3 0 0 0 1—5
LLB Wildcats	0 5 2 0 0 0 2—9
Boyle Rockets	0 2 4 1 0 0 x—7
LLB Dodgers	0 0 0 1 4 0 0—5

In Passing:

Boyle Comets are improving each outing and with experience they will not be making the miscues which have been costing them games. Boyle Rockets will have to start playing baseball instead of sitting on their laurels or they may find themselves out of the finals.

The team is definitely missing their star shortstop, Don Alexander, who has been sidelined for the past two weeks with a sprained ankle. This is still no excuse for their sloppy fielding.

In the other twin bill, Grassland motored to Newbrook, winning both their games. The Pony game was a five-inning affair with Grassland taking a 37-2 victory. In the Pony Grad game, Grassland eeked out a 10-9 win over Newbrook.

Next Thursday will see the last league game before the playoffs. Newbrook will be at Boyle and Grassland will be at Lac la Biche.

Charron

Mr. and Mrs. Jessie Fischer, Marjorie Shapka, Arla Fischer and Roderick Baldwin motored to Edmonton on a shopping tour recently.

Congratulations are being extended to Mr. and Mrs. Paul Karpetz of Blue Jay on the birth of a son, Brian.

Mr. and Mrs. Mickey Shapka of Wandering River visited in the district recently.

Jack Coonan of Wandering River spent a day with his aunt, Mrs. Kay Karpetz and cousin, Rodney, while his parents motored to Perryvale.

Mr. and Mrs. John Zayonc visited at the home of Mr. and Mrs. Pete Dowhaluk in Blue Jay.

Mr. and Mrs. Louis Ilnicki left recently on a trip to Williams Lake, B.C. to visit their son-in-law and daughter, Mr. and Mrs. Nick Bluda and other relatives.

Mr. and Mrs. Sandy Karpetz and Sandra and Mr. and Mrs. Joe Semeskavich and family visited Mr. and Mrs. Alex Dohanuik of Plamondon Bay. While there the men enjoyed fishing in a nearby lake.

Joe Semeskavich caught a 10½-pound jack fish in Lac la Biche River near the home of Lyle Steed.

Sandy Karpetz made a business trip to Lac la Biche recently.

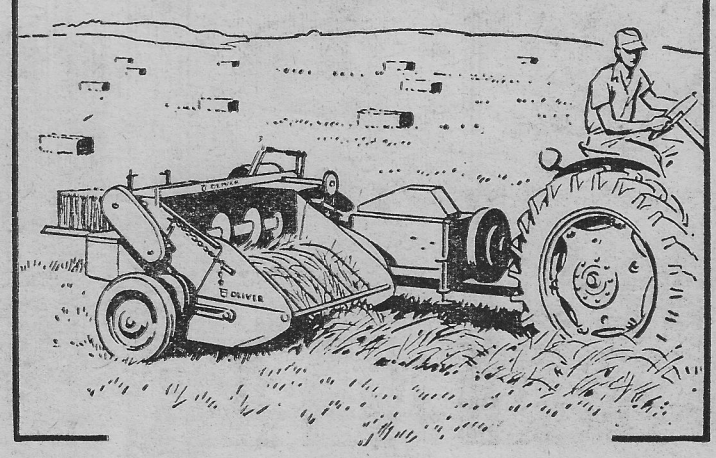
OLIVER 60-T and 60-W
Twine-Tie and Wire-Tie
BALERS
All-Around Tonnage Champs
with "Pivot-Balanced" Drive



Match a new Oliver—twine-tie or wire-tie—with any other machine in your small, rough, patch-pattern fields. There's where it gobbles up the windrows, bales up to ten tons per hour as easily as on the straightaway.

You get Oliver's exclusive "pivot-balanced" drive ...and exceptionally short coupling. Just follow the windrow with the rear tractor wheel—even around the sharpest corner. Your Oliver gets the hay... saves hours of time when time counts most.

Here are balers with everything: new, leaf-saving pickup...swinging drawbar for safe transport... overrunning clutch (extra)...protective devices for all important units. You can adjust bale length in seconds—from 12 to 50 inches. Twine- and wire-tying units are easy to interchange, and an engine (extra) is easy to mount when desired.

BIGGER and BETTER THAN EVER

THE GREATEST BARGAIN IN AMUSEMENT HISTORY!

Al Lazerte For Tory Leader

EDMONTON (UPI) — A group of Alberta Conservatives formed "a draft Al Lazerte for leader committee" in Edmonton.

Lazerte, a 29-year-old Edmonton lawyer, has until recently been one of the two full-time Tory organizers in the province. The Conservatives plan to hold a leadership convention in Edmonton in mid-August. The party has been leaderless since the mid-1930's.

A spokesman for the group of 22 Tories from 11 rural and 3 city ridings, declared the movement had grown out of a conviction that there was not a strong enough candidate in the leadership race to date.

Lazerte, who is married, with one son, is a graduate of the university of Alberta where his father was a dean of education. He practised law at Clyde before setting up his shingle in the city two years ago.

Postmasters Ask Wage Increase

CALGARY (UPI) — Some 200 delegates attending the Alberta branch of the Canadian Postmasters' Association, have asked for wage increases for all postal employees.

The convention also passed a resolution urging that part-time workers in the post office be granted annual leave on the same rates as full-time employees. The three-day postmasters' convention ended in Calgary last night.

Ask Federal Government To Establish New Markets For Oil

Assistance for western Canada's oil and coal industries was sought to prevent worsening of levelling-off trends here, at the opening day of the two-day 20th annual convention of Alberta Associated Chambers of Commerce and Agriculture, in Jubilee auditorium.

The production of oil in western Canada is a depressed industry, largely due to importation of foreign crude oil into eastern Canada and steps now being taken by US. producers to protect their own industry under similar conditions, the chamber explained.

MARKETS SOUGHT

The chamber, in a resolution submitted to the convention, suggested the federal government be requested to establish new markets for Alberta oil and provide for the entry of Alberta oil into the Montreal market. The convention adopted the move.

L. H. Fennerty, QC., of Calgary, warned, signs of depression in the oil industry are very real. There is not any particular hope for remedying that situation in the near future by increased exports.

"We have a potential market in Canada, at this time, for our own production of close to 100 per cent. but we cannot reach it," he said.

DEPRESSION SEEN

"We are going to have a depression right in this province that will curl your hair, if we are going to keep our production in cold storage in the ground," he warned.

The convention also adopted a policy urging assistance to western Canada's ailing coal industry.

The new policy suggests the association request that governmental research into development of new markets and new uses for coal be expanded and expedited. Furthermore, more subventions be granted on coal mining in western Canada. They also suggest the Alberta government should give more encouragement and assistance to producers of electrical energy in the development of thermal plants, to contribute to improvement in the coal industry.

A Three Act Play " A Pair of Country Kids" will be presented in the Wandering River Hall June 20 at 8 p.m. A dance will follow. This is being sponsored by the Wandering River Students' Union.

The canner must take care of purchases and payroll before his pack is sold
The farmer needs cash to finance operations until his crop is delivered

...so both are borrowing from a bank

When borrowing is sound business practice, it is a simple, straightforward process to arrange a loan from a chartered bank.

Every day, in every part of Canada, the chartered banks are lending money to farmers, fishermen, producers, manufacturers, processors and other commercial customers, large and small... to meet payrolls, buy raw materials, market goods and meet a multitude of financial needs.

A bank manager is constantly on the lookout for opportunities to make such loans —that's his job. Bank loans are an essential part of the process that provides the goods and services that make life better for all Canadians.

THE CHARTERED BANKS SERVING YOUR COMMUNITY

Varsity Students Help Finance Education

EDMONTON (UPI) — Professor Tom Hoskins of the Western University of Western Ontario, said in Edmonton that no one can say that students in Canadian universities are not making a supreme effort to help finance the cost of their education.

Hoskin told the University Counselling Association meeting that the results of a Dominion Bureau of Statistics survey in 1956-57 showed that 88 per cent of all under-graduates work in the summer and the average savings, not earnings, amounted to $449 each. If one assumes that the 88 per cent represents 70,000 students, they contributed from summer savings the figure of $30-million in that year.

The professor declared the world of the future needs a higher percentage of university trained people, and the present situation is serious for many students. Surely something will be done about it immediately.

Boyle

The Ellscott girls' softball team played the Boyle team Tuesday Boyle defeated Ellscott by a score of 17 to 7.

The Catholic ladies' picnic was held last Sunday at Skeleton Lake A large number of people attended.

Bruce Hornet and Martin Lund were weekend visitors here.

SIXTH POLIO VICTIM

EDMONTON (UPI) — The Alberta health department announces that the sixth case of polio has been confirmed in the province this year.

The newest victim is a four-year-old boy from the Enilda district of Northern Alberta. It is a case of paralytic polio.

Fernande Fortier Pledges Vows

Notre Dame des Victoires Church was the scene of a pretty wedding June 9, when Miss Fernande Fortier, daughter of Mr. and Mrs. A. Fortier, and Mr. Wilfred Plamondon, son of Mr. and Mrs. Frederick Plamondon, exchanged wedding vows.

Rev. Father R. Leyert officiated at the ceremony.

The bride, given in marriage by her father, was clad in a full-length gown with tiered skirt, each tier a froth of net deeply bordered with lace. Her chapel veil was of silk illusion net gathered to a double crown of pearls and sequins. She carried a bouquet of roses.

Bridesmaids were Miss R. Plamondon and Miss Dianne Plamondon. They wore dresses of lace and net over satin in light blue and pink, and carried bouquets of pink and red roses.

The groom's attendants were Mr. Fernand Fortier, brother of the bride, and Mr. O. Chevigny, cousin of the groom.

The wedding music was arranged by Sister St. Gratien. Hymns were sung by Rev. Brother Lacroix and Mrs. Chevigny of Plamondon.

The reception was held at the home of the groom's parents at Plamondon. Later a dance was held in the hall.

The young couple will make their home at their farm near Plamondon.

W.A. Meets

BOYLE — The St. Paul's Anglican WA held the regular meeting Wednesday at the home of Mrs. Norman Hayton, Jr.

Mrs. Boyda gave the study lesson. A date was set for their spring sale.

The next meeting will be held at the home of Mrs. Walter Boyda.

THE Homemaker

By EDITH WITNEY

With field work under control, children almost through the term, and the haying not yet started—it is time for you ladies to think of a holiday. Now I don't mean a long summer vacation but just a short break from your busy routine. As you probably already guessed, I am thinking of Farm Women's Week at the Vermilion School of Agriculture, July 7 - 11.

Accommodation is provided there at the rate of $4.00 a day for room and board. Children are accommodated at the rate of $1.50 a day and for children under six free, so don't feel you can't come if you have children.

An extensive program is planned to include lectures and demonstrations in practical home economics subjects. Sewing demonstrations and help with special problems will be carried throughout the week. You are asked to bring any special handicraft of interest that you may have, such as quilting, weaving or needlepoint. You are also invited to bring any musical instruments or special readings you have. However, don't feel you must bring something as a passport. Bring yourself and enjoy the week.

You may get applications and further information from your District Home Economist. at Westlock.

Although more research work throughout the world is being done on cancer than on any other medical problem, scientists still have not discovered the cause of the disease.
